QR Code Link to This Post We need a deep cleaning done on a residential unfinished basement.

Recently had arm surgery and can't do the job myself, so I'm willing to pay.

We want to repurpose part of the basement and would just like the space to be fully cleaned prior to that.

Up until now, it's just been used as a laundry area and when we moved in the floors were kind of gunky, so a good powerwash or deep cleaning of concrete floors, walls, and wipe down/sweep of rafters for spiderwebs, etc. is all we need.

Please contact me if you or someone you know is capable of doing the job or would like to come by to give a quote.

Need this done ASAP!

Thank you!
