QR Code Link to This Post A Rare Find...T-Cup Tiny Toy (Black) Puff of Joy Pom-Poo Puppy (10 wks). If interested, please send information about your experience with Tiny Breed Pups, send pics of where puppy will live, how many hours you work daily, and why you think you want a Tiny Breed Pet?

FYI:

Tiny Breed Puppies take more attention and care

They get lonely if left alone long periods and need the food intake monitored (Need goats milk at night,

Can have low blood sugar if not eating properly (*3x daily) or free fed dry food.

Must be given vitamin paste daily

They will always be your baby and must be protected from danger.

These pups are not good for handling by young children (easily injured)

If you are still interested and feel you are an excellent home for a Tiny T or Tiny Toy Pup, And you can provide the information by text or email...Contact us: Thank-you.
