We are currently looking for an experienced/professional stylist/cosmetology/cosmetologist to join our team by renting a booth in our recently constructed salon located at 1146 Minot Ave in Auburn. Our new salon has 5 styling stations, 3 backwash shampoo units, 2 dryers, and available 2 chair pedicure room with nail tech table. We also have a very nice room for rent set aside for a nail-tech/esthetician or possible massage therapist (call us to discuss). We use Vagaro online booking software that allows you to manage your book via your Iphone or Android device. We have ONE booth left. If you are ready to make the leap from employee to booth renter, or need a change from your current both rent situation, give us a call at to schedule a tour. Call us even if you are just curious as to what booth rental is all about and learn how it can put a lot more money in your pocket if you have an established clientele. Think about what your current weekly productivity is now and for only \$40/day or \$150 week, you could have the rest!! This may be a great opportunity to increase your existing clientele as there is a fair amount of overflow from our busy stylists right now....We might be able to work out some sort of rental deal for the right person while you build a clientele....CALL US!

Are you ready to work your OWN hours and come and go as YOU please?....Don't you hate it when you have a cancellation and you have to stick around till your shift is done, or are forced to do a hair cut for a \$5 commission because business is slow for the salon.....If you have an established clientele your crazy to work for someone else. Working for yourself can be very relaxing..Its so nice to space your appointments the way you want.

If you are sticking with your job because of health insurance, get a quote from the "Obamacare" marketplace...you might be surprised how affordable purchasing your own policy is now.
