QR Code Link to This Post I am in search of a Jack Of All Trades, Master Of None. This is a full time Monday through Friday position, from 9-5. No weekends, and no late evenings. If you can't commit to this, please don't respond to this ad. You must have your own transportation to work, during work, and from work. Your own tools is a definite plus. There is no time for training anyone, so please don't respond if you are looking to learn. The position calls for someone who can work in many trades. This is a great opportunity for the right person. I am looking forward to meeting the right person for this position, and we will need someone who can start immediately. Thank.
