QR Code Link to This Post Hiring girls for video work. Its not camming, we are a production company we would be filming you, but you would be doing scenes in the same manner but with other male talent.

Let us know if you are interested and if you have a husband/wife you wish to do scenes with or just someone you are dating and they too want to do scenes with you then email us back with info.

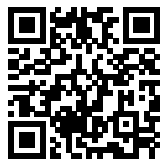

Would need to review your photos. Your partners too as well.

Prefer people who are serious about doing shoots and are not just looking for rent money.

Kind Regards and I look forward to possibly working with you!!
