QUOTE from one of my customers: "Celeste, PhD is a TRIED-AND-TESTED writer, editor, and proofreader. During my undergraduate program, Celeste, PhD helped me excel AND top in all my term papers and other essays. He wrote for me well-focused and well-supported papers. He fastidiously wrote, edited, and proofread all my writings. While editing, he does NOT limit his comments on Grammar and Structural errors. He also corrects the LOGIC and FLOW of the writing's ideas by identifying gaps in thinking. Celeste, PhD has A VERY FAST TURNAROUND: no matter how work was voluminous, he managed to finish it the same day as I gave it to him. His turnaround is 6 hours at maximum. Thanks to his PUNCTILIOUS and SPEEDY approach, I received A+ in all my term papers and graduated with a Cumulative GPA of 4.00 (out of 4.00) and then was accepted at one of the five top-notch graduate programs in the U.S. Thanks a million, Celeste! Your academic nurturing has placed me on a full of promise academic path" (R.X.)
