Common areas are kitchen, dining room and bathroom.

Must be able to provide proof of employment, copy of driver's license and clean background check.

Must pay rent by the first of the month every month.

I am a professional 56 yr old WF with a laid-back friendly, non-intrusive personality. I am the homeowner and have been here for over twenty years.

The house will be shared with one or two other mature male professional commuters and myself.

There is no visitation during the week and everyone is generally in bed by 10 PM or sooner so the home provides comfortable quiet hotel like sleeping for significantly less.

Bathroom is shared but I have my own half bath and since everyone generally has unique schedules there never seems to be competition for the bathroom. The same is true of the kitchen as our schedules vary and roomies do light dining or take out. Plenty of fridge and freezer space.

Location is in Garner 1/2 mile from Raleigh city limits near the intersection of Garner Road and Tryon Road. Home is in the Cloverdale neighborhood: a 1960's development with lots of beautiful large trees and residents who have been here for many years.
