QR Code Link to This Post I am currently in need of new talent either amateur or professional for a few upcoming shoots in and around the Philadelphia and surrounding areas. I am looking for females 18+ who are very camera friendly and aren't afraid to express themselves for the lens. This is a great way to either start a modeling career or just earn some fast money. If you're the kind of person who enjoys having fun with their work, then this is for you!! Please send a quick bio along with a minimum of four pictures, two being head shots, with your reply. I look forward to working with you!!
