QR Code Link to This Post They ran to the money. They don't want what the people want and below is the breakdown of only a few things the people want or don't want that Democrats either oppose or ignore the people on the following issues. Observe how the Democrats oppose the American people on every single one of these issues that are vital to the people. You will surely shit.

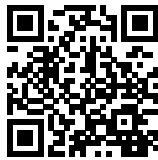

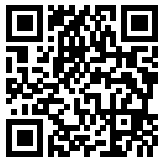

1. The People want our borders secure- The Democrats Don't
2. The people want the wall built - The Democrats Don't
3. The people don't want Amnesty - The Democrats Do
4. The people want Obama GONE - The Democrats Don't
5. The people want our laws and Constitution upheld - The Democrats Do Not and Will Not
6. The people want their free speech rights protected - The Democrats Hate Free Speech
7. The people demand their second amendment rights to continue to be protected under our Constitution - The Democrat Want YOUR GUNS

I could list many more. I feel you get the idea. The Democrat even to this very day are still thwarting the WILL of the people just as Obama did all thought his horrible unconstitutional 8 years of pure unadulterated TYRANNY!

So Now California wants to be a LAWLESS SANCTUARY state FOR CRIMINAL ILLEGAL ALIENS. Once again flipping the people a big bird as they cater to the business lobby's thirst for cheap illegal labor at the expense of American workers. Yes they ran to the money again and this is why they will never win another election because they continue to sell out the people.

The sooner this rotting corpse that is stinking to high hell is carted away the happier we will all be and the better off as well. Any Party that sells us out the way they have deserves every bit of sorrow as these living crooked bastards have deserved.

the people want the Democrats to GO CLEAR MESSAGE... GO
