QR Code Link to This Post Head out to see some of the Christmas light displays from the state line to Fond du Lac areas and others . Stop at places that may be of interest on the way, a bit to eat and take in the spirit that is all part of the former Christmas tradition. Taste test cafes and candy makers goods as well as hot cocoa and coffee and ciders. Leaving and returning the same day. Of coarse unless we run into a blizzard....

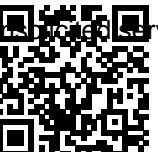

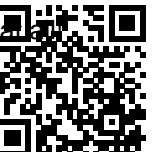

I'll drive we share the cost and the great scenery and conversation along the way.
You google the places you would like to see and I will hunt travel Wisconsin and we should come up with some neat cruises. Some yours some mine.
Age is no barrier to sharing the spirit of the Christmas season. Will it be you ? Bring your favorite tunes be they Christmas or other on CD, a USB device or a Simm card.

Send me some info in more than a one sentence reply and when you are available to do this. Also be available to meet somewhere beforehand for coffee to see that we would be good road trip companions. This is not in any way about sex ! It's all about the sharing the Christmas spirit and great scenery as well as the tastes of the season. Snd taking lots of pictures.

Me I am a GWM age 60, bigger guy, longer brown hair, blue eyes, mustache and small goatee. Easy going, varied interests and dependable. Also have a dependable insured vehicle ready for most adventures.

I would like to begin our out of town journey well before Kilwaukee's rush hour and arrive home when we are done with the agenda for our tour. These trips are intended to be one night trips with no overnight stays unless we would be caught in a real blizzard.

Let's make this happen,
Peace and Joy to all
