QR Code Link to This Post American Cabinet Refinishing was established in 1986 in Wilmington, Delaware. It afforded homeowners an alternative to traditional kitchen remodeling.

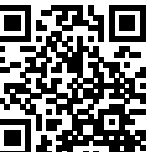

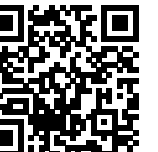

The cabinet refinishing or refacing process is the basis for our kitchen remodeling projects. We have found a way to cut down the time, inconvenience and cost of these remodeling projects dramatically while completing a brand new kitchen with beautiful results. These kinds of results are why hundreds of Delaware homeowners are satisfied customers.

And with American Cabinet Refinishing, there is a variety of extras you can add to your cabinet re-facing project; from new countertops, sinks and plumbing to a new pantry or whatever suits your individual needs.

Customers can count on American Cabinet Refinishing to work with them throughout the remodeling process. Our approach to each individual job includes our imagination, the art of design, the skill of experienced craftspeople and our full attention to detail. We'll help you make the best use of your space, using the best materials and deciding on the various styles and designs.

American Cabinet Refinishing guarantees your complete satisfaction. We take pride in the quality of work we do, our integrity and especially professionalism we do for each and every refinishing job completed.

We offer a FREE consultation and estimate! If you want the kitchen of your dreams and are ready to start planning your remodeling project, just give us a call at . Or Check us out on our web site. www.americancabinetrefinishing.com
