If you want to become a web cam model or adult star I'm really good at marketing , I would help with the marketing and I would help you out with a website, you can also choose which states you don't want to be seen in. I would take a cut, but you would still make allot more working with me . One of my business's was racked 681 Fastest Growing companies in the US in my industry.

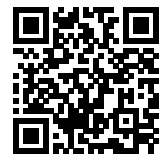

We'd be sharing my place. I'm 24 athletic / slim. I'm rarely home mostly out with friends and usually never bring anyone over, girls usually tend to like me but I prefer to stay single and I'm not full of my self lol
Not a sugar daddy either just free place to stay
