QR Code Link to This Post I am moving out of my apartment and moving back home for the Spring semester. This is a 3 bedroom apartment with 2 baths located in Rose Parks off of 7th and Redondo. Great location! We have a bus stop within walking distance, but only a 10 minute drive from CSULB if you have a car. The bathroom would be shared with one other person. We have a detached parking spot in the back with room for two cars but overall parking never seems to be an issue. Move in would be by January 1st and there is a \$500 deposit fee you will get back when you move out. Please contact me if you are serious, and we can schedule a viewing ASAP. I can provide pictures upon request and would love to answer any more questions. This apartment is perfect for a college student or young professional looking to move to a great area! *Females!
