QR Code Link to This Post We are a small painting/paver installation company.

We have more work now and often then what we can do in a timely manner. Work 12 months of the year available to good worker.

Looking to add one more sub to work with us on some of our jobs.

Great pay plan.

We specialize in pool deck renovations including concrete deck crack repairs, painting, knockdown texturing. If you have paver installation experience that is a plus.

We always use Sherwin Williams pool deck paint for our deck painting.

Must be experienced, have all your own equipment including pressure washer, saw for cutting concrete, and drill for drilling holes into concrete, licensed and properly insured.

We are NOT looking for a large company to fill in our work, we would like an experienced person who does the work themselves.

Must be able to do work in a very professional manner for our customers. Quality of work must be top notch.

PLEASE EMAIL us your proof of insurance, and if you have employees proof of workers compensation. Once we have received this proof we will then arrange a time to discuss.

Pay within 48 hours of satisfactory job.
