QR Code Link to This Post Do you think your feet are cute or even unique? Looking for a female 21+ to show your feet in heels or barefoot, this is a fully clothed shoot and all photos will only be taken below the knees and focus on your cute feet! Please include your age, height, shoe size and be willing to provide pictures. Small size and or chubby and wide feet are definitely a plus. Shoots are super laid back, quick no longer than an hour and in a public park. If this is up I am still looking for models
