QR Code Link to This Post I have started webcamming recently online and the money has been pretty good. Although, it can get a bit dull sometimes just playing with myself on cam. So I would love to find someone to work with webcamming together in boy/girl scenes. We would not only make more money that way but have a lot more fun doing it!

I am a 26 year old male, tall, fit, attractive and well equipped. I am drug and disease free, please be too.

I can certainly host but can also travel if necessary. I attached some pics. I would love to see some pics in return. Tell me about yourself a bit too. Please put your city of residence in the subject line to verify you are not.
