QR Code Link to This Post This is a professional grade lens, one of Nikon's "holy trinity" of pro zooms. If you're a Nikon owner and plan to shoot sports, portraits, events or concerts, then you NEED this lens. It's unbelievably sharp, has lightning-quick AF and highly effective image stabilization.

Lens is in beautiful condition, and has been very well taken care of. Very close to mint condition. Comes in original box with all accessories (hood, tripod foot, caps, bag, etc). I am the original owner. This is a Nikon USA lens (not an import).

Note that I'm moving to Miami next weekend, so this lens will only be available here until the end of the week.

I also have a mint condition Nikon 200-500 f5.6 for \$1150.

If the listing is still on Craigslist, the lens is still available. Face-to-face, cash only deal. I will not ship to Timbuktu, use Paypal or extend credit. Scammers, spammers, lowballers, clowns, jokers and bums, please shop.
