QR Code Link to This Post We wanted a neutered male cat to calm our 4 unfixed females a bit... we bought a male cat that was neutered with all shots up to date... come to find out... NOT neutered. He has to go.... he is beautiful and is free. Cant verify shots but can pretty much tell u he is NOT fixed. good with dogs and other cats... about a year old... loving and no problems with our children but the youngest is 10.
