QR Code Link to This Post FOBA HEAVY DUTY LIGHT STAND WITH WHEELS AND CROSS ARM- best offer. I put \$300 on this light stand but I'm open to advice of what this should sell for. It is a heavy duty column and cross bar and the weighted bottom has wheels. This stand works great and is really well made. I couldn't find much information on this Foba stand. Anyone help me out with this? I have a Broncolor projector spot on it. All high quality equipment and the spot is listed with the stand on Craigslist. \$300 or best offer.

IF IT IS LISTED IT IS FOR SALE, feel free to email any other questions. .
