QR Code Link to This Post This is a beautiful condo that has been meticulously cared for since its renovation in 2009. This is one of the largest condos in the area with two internal floors at 1500sqft! Top floor is carpeted and acts as a large bedroom, although it can be separated with a few dividers for more compartmentalized layout. Previously 3 roommates had no problems living here.

1st floor has the kitchen, dining area and a living room - all hardwood floor. This is perfect for two people and there is tons of space for private areas, or with friends and family. This unit has been well taken care of all these years, and I am happy to let others enjoy this amazing space!

This unit is conveniently next to Woodward Theater, MOTR and The Pony, which is arguably in the safest part of Main.
