QR Code Link to This Post Looking to make some extra cash? I'm a professional 25 year old male in need of an independent beautician who can provide manscaping via razor. Tried salons and stuff but it's just a bit too embarrassing.

Looking strictly for a professional female. I would do it myself but I find once I get to certain areas it becomes increasingly difficult to see. Even with a mirror and it's tough to get adequate lighting. Please be good with a razor. I am already trimmed in said areas and I will be freshly showered for your convenience.

Thank you for reading. If you are interested reply via email. We can discuss
