QR Code Link to This Post I have occasional work at my Single Family Home. Current project is to install 1" x 6' X 10' capping on fence and to create a opening for a window air conditioner from a Single Wall Construction and install the window A/C unit. I have other upcoming projects some big some small for the individual with solid carpentry skills, is communicative and easy to work with as well as reliable.

Start at \$28/Hr and after 3 months go to \$30/hr and eventually higher. Please provide photos of your work and a phone number so I can reach.
