QR Code Link to This Post Here is how my moving service can help you:

- 1) You provide the moving truck or trailer.
- 2) I provide MY PERSONAL LABOR. I have thirty years of moving experience.
- 3) If you are not comfortable driving a U Haul or Penske moving truck, I can do the driving for you. I have a good driving record.
- 4) My hourly charge is \$17.50 cash. (I do not provide a helper but many customers find it easy to assist or to hire a second mover.)
- 5) I do not charge trip fees or minimums.
- 6) Short notice is okay. Or you can schedule in advance.
- 7) Once your move is scheduled, you can be assured that I will be reachable by voice and/or text any time prior to your move should you need to change your move date or time or have any additional questions.
- 8) The evening before your move I call or send a text to re-confirm that I have your move on the next day's calendar.
- 9) The morning of your move I text again when I am en route to your load up location.
