QR Code Link to This Post I'm still looking for a carpet layer (one that will actually show up when he says he will) to lay carpet in a 18'x14' room ASAP. Room will be empty, carpet supplied along with padding, existing carpet will be removed. You need to supply (2) tack strip, tools and stapler for placing padding. Let me know what you can do for me, also, please let me know your experience and.
