QR Code Link to This Post Working as a freelancer or running a small business is difficult enough. What we don't need is our time wasted by you human colostomy bags who:

- A: Expect work done for free.
- B: Expect to pay minimum wage or less for your projects.
- C. Don't bother to respond to us at all after we've responded to your ad.

If you aren't serious about hiring for your project, stop fucking posting. We have enough to deal with, we don't need assholes like.
