QR Code Link to This Post I am having to rehome my sweet Goffins Cockatoo. We are moving and unfortunately wont arent able to take her with us . We also have cockatiels but they are smaller so we would have room for them. Her name is Cici . She says her name . She says cmere cici . She says pretty bird pretty pretty pretty bird . She absolutely address attention. I want her to go to a great forever loving home who can give her the attention she needs . As there have been times when my parents are working and nobody is home for her . She will scream for attention start saying cici just everything in her vocabulary for you to spend time with her . She will climb down her cage and scurry to you climb up your leg just to spend time with you . She loves being petted headscratches . Just loves interaction. The sweetest bird . We are really sad on having to rehome her . We originally gave 1500\$ for her alone. I am asking 1200 she comes with her cage and her toys . The price is negotiable only if its fair . She dances I can take recent pictures of her send you videos . If you have any questions let me
