Angelic Cattery

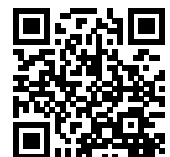

Location **Arkansas, Byron**
<https://www.genclassifieds.com/x-815141-z>

The Bengal cat is a domesticated breed that combines the striking beauty of a wild cat with the affectionate, playful nature of a pet. Known for its exotic appearance, the Bengal's coat features distinctive spots or rosettes, similar to a leopard's, giving it a stunning, jungle-like look. This breed was developed by crossing domestic cats with the Asian leopard cat, creating a unique blend of wild elegance and domestic companionship.
